

# MARTHA-CARE

## Communication Assistance and Rapid Escalation

Family-led access  
to help in hospital

If you think your child is getting worse while they are in hospital, please follow the steps below to get help

1

Talk to your child's nurse or doctor if you think your child is getting worse

2

If you are still worried about your child, ask for a Martha's Rule/Call for Concern review within your hospital

3

If you are still worried about your child, then ask for a Martha-CARE call to our team
